### **FAQ:**

#### **Where do I find our team or pitcher classification listing?**

Team and Pitcher Classification Listings, Appeal Process and Tournament Information can be obtained by visiting the Pacific Coast Region 14 Web Site @ [www.Region14.com](http://www.Region14.com). The website is updated as information becomes available or by contacting your local ASA Commissioner or their designated ASA representatives. (See listing attached)

#### **Who do I appeal my current classification listing to?**

Teams & Pitchers have the right to appeal their classification to the Region 14 Men's Fastpitch Classification Committee. The appeal should be based on participation for that current year. If the listing of the team is from the ASA Code, the appeal is not complete until ALL steps have been approved.

#### **What do I have to do to appeal my current classification listing?**

Team & Pitcher appeals must be in writing and filed through your local ASA Commissioner or their association representatives. Appeals will only be heard at regularly scheduled meetings of the classification committee and should be made 48 hours prior to the scheduled meeting date.

#### **How many players can I have on my roster from a higher classified team?**

(ASA Code 507F2b) A team that has a combination of **four** or more players on a roster, including pick-ups, from a team or teams subject to mandatory reclassification, restricted classification or are on the PCR team list must maintain the classification as assigned. Players may only play one level below their current classification (**Simplified: Once a "C" team adds 4 or more "B" players to their roster that team becomes a "B" team**)

#### **Where do I find Tournament Information?**

Tournament Information can be obtained by visiting the Pacific Coast Region 14 Web Site @ [www.Region14.com](http://www.Region14.com). The website is updated as information becomes available.
