

Niagara Snappers Roster and Schedule

Thursday, April 8, 2010

April 8, 2010

Fastball Community,

As spring fever sets in it seems like an appropriate time to announce the **2010 version of the Niagara Snappers**. With some new faces in the fold and what feels like a refreshed attitude, the Snappers are considering this year a new beginning as they hit the diamond for season #12. Niagara will be participating in the ever improving Golden Horseshoe Fastball League and a tournament schedule has also been finalized. The 2010 goal is a simple one. To be playing the best ball this team can play as we converge on **Midland, MI in mid August for the ISC World Tournament**. With a solid core of returning players blending in with some key off season acquisitions, the Snappers are excited to hit the field and see how this group gels together.
